

# The Grounds

## Bi-Monthly Newsletter On Activities At The Toowoomba Showgrounds

*November 2018*

As we start winding down to the end of the year, it is a great opportunity to thank all the event organizers who have staged some great events over the past 12 months. Importantly it is also a good time to thank the Toowoomba Community for their support of not only these events but also the Heritage Bank Toowoomba Royal Show.

In October a large range of events were held including the Spring Show, Top of the Range Arabian Show, QMI Challenge-11th Lighthouse DD Troop, Brews and Barbie Festival, and the Night of Horrors. The varied range of events shows the versatility of the Toowoomba Showgrounds and its place as the largest and most frequently used community showgrounds in the state.

After such a dry winter it was pleasing to get some storm rain through October. The grounds are looking great and the dam is full just in time for the Kryptonite Challenge and Kryptonite for Canines in November. This month we will also host the second Western Star Trucks Show and Shine which will include a visit by DJR Team Penske drivers Fabian Coulthand and Scott McLaughlin and a twilight concert featuring Troy Cassar-Daley. This exciting event will be held on the 17th November.

The Heritage Bank Toowoomba Royal Show will be held from the 28th to the 30th March. Both Costa Georgiadis and Paul West have confirmed they will be returning. We will also develop an International Food Truck precinct with plenty of seating, shade and live entertainment throughout the day and into the evening.

Also on the show we are on the lookout for the next Toowoomba Showgirl to be the face of the show. This is a great opportunity for young women to get behind their community and support Queensland's oldest agricultural show. If you know someone who may be interested please contact the show office on 4634 7400.

Until next time.

Yours sincerely

Damon Phillips  
Chief Executive Officer
